

Electric Hydrostatic Test Pumps

PIPE TOOLS & VISES
SINCE 1896

Great new tools for fire sprinkler or mechanical contractors!

- Pressure test water systems such as water meters, plumbing lines, pressure vessels, solar systems and sprinkler systems, in both residential and commercial buildings.
- Hose features a quick disconnect with built-in check valve, which allows for convenient setup and portability.
- Smooth running, quiet motor.

EHTP500

Each test pump includes a 15' (4.6m) high pressure hose (EHTPOUTHOSE) for filling the system.

Models	EHTP500	EHTP500C
Item Code	08170	08175
PSI	500	500
Gallons/Minute	2	2
INLET*	3/4" garden hose	3/4" garden hose
OUTLET	3/8" NPT	3/8" NPT
MOTOR	3/4 HP	3/4 HP
DIMENSIONS	L 14 1/2 X H 11 X W 8 1/2	L 17 X H 13 1/2 X W 13 1/2
WEIGHT	37.5 (17.0 kg)	48.0 (21.8 kg)

*Inlet hose not included.

Internal Pipe Cutters

Cut PVC or CPVC pipe from the inside for drain pipes or sprinkler drops, etc. Reed offers either heat-treated steel, saw-toothed blades for fast cutting or abrasive blades for areas where the blade may come in contact with concrete or other hard surfaces which would destroy a saw-tooth blade. All internal pipe cutters fit a standard 3/8" drill.

Catalog No.	Item Code	Description	Size
IC1A	04500	1 1/2" minimum I.D. – abrasive blade	4" Shaft
IC1S	04501	1 1/4" minimum I.D. – saw blade	4" Shaft
IC1SL*	04505	1 1/4" minimum I.D. – saw blade	7" Shaft
IC3/4S*	04506	3/4" minimum I.D. – saw blade	4" Shaft
IC3/4SL*	04507	3/4" minimum I.D. – saw blade	6" Shaft

* Exclusive!

Combo Roll Groovers

2-in-1 service tools offer consistent tracking and yield cost savings of time and money by allowing a complete change in minutes from power machine operation to manual work or back. Form standard rolled grooves in steel, stainless steel, and aluminum pipe. Compact, light-weight design with built-in handle for improved mounting and transporting. All gears enclosed in casting minimize debris entering tool.
